vs.

PAUL RANDALL BAYS
Defendant

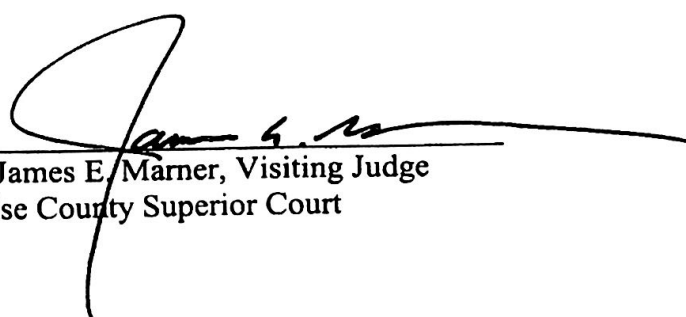

RULING

IN CHAMBERS RULING RE: DEFENDANT'S MOTION TO AMEND CONDITIONS OF RELEASE

The Court has received the above motion where defendant requests that the conditions of release in this matter be modified to allow him to drink alcohol but not to excess. Given the nature of the allegations and the fact that there is nothing to indicate that there is any substantial change in circumstances from the time the conditions were imposed, the Court concludes that the request is not warranted.

Accordingly,

IT IS ORDERED that defendant's motion to amend conditions of release to allow him to drink alcohol is **DENIED**.
